Immunization Records

Check if your immunization records are up-to-date

To see all of the immunizations that we have on record for you or your child, log in to Health Gateway by scanning this QR code, going to healthgateway.gov.bc.ca, or using the Health Gateway app.

Records for children under 12 years old are on their parent's account.

For more information

If you need more information, scan this QR code, go to fraserhealth.ca/immunizations, or call your local public health unit.

To find your local public health unit, scan this QR code or go to www.fraserhealth.ca and search for Public Health.

fraserhealth

If your immunization records are not complete

Vaccines might not be included in your immunization records if they were given in another province or country, or if given by a family doctor, nurse practitioner, or pharmacist.

If you had vaccines and they are not included in your records, please do the following:

Contact the health care provider who immunized you and ask for a copy of the immunization record.

When you have the immunization record, report these immunizations to Public Health online by either scanning this QR code or going to fraserhealth.ca/immunizationform
