

# LANGLEY FAMILY MATERNITY CENTRE

*A great place for new beginnings...*

## OUR TEAM BELIEVES THAT:

- ❖ Birth is one of life's most precious and miraculous events.
- ❖ Birth is a natural, physiological process which can be a positive time of growth.
- ❖ The journey into pregnancy, birth, and parenting occurs with greater ease, comfort, and joy when parents assume their roles with knowledge.
- ❖ Parents benefit from being involved in making decisions about their health care.
