Common Questions

What is centralized intake?

Centralized intake is a scheduling call centre that books your first medical appointment or procedure.

What if I am not able to answer the phone when Centralized Intake calls?

The clerk will leave a message with a phone number to call them back. The message will say that centralized intake is calling to schedule your appointment for a specialist medical clinic visit or a medical procedure.

What if I forget my appointment time?

It is important to write down the appointment information when you receive it. If you forget, you can call us at: 604-953-9704.

Can I contact the clinic directly?

No, please do not call the clinic directly. The clinic staff do not schedule your first appointment.

What if I need care immediately?

Call 8 1 1 to talk to a nurse. Go to the nearest Emergency Department if told to.
