Specialized Seniors Clinic

Who are our clients?

Our clinic helps seniors who:

- are 65 years or older
- have multiple health issues
- who are experiencing recent changes in:
 - memory
 - behavior
 - mobility, including multiple falls
 - ability to be independent
 - symptoms related to chronic illnesses

How do we help you and your family?

We are a specialized health care team focusing on **your** health goals.

To help you reach your goals, we:

- ✓ Assess you, your health, and your situation then propose a plan for care and treatment.
- ✓ Review the medicines you are taking and suggest any changes.
- ✓ Check how well you are able to move about and get around then suggest ways to prevent falls.
- ✓ Teach you and your family about your health, and how best to care for yourself.

How do we support you and your family?

We help you to stay as healthy and independent as possible.

We encourage and support you to create and use ways for how to safely care for yourself (self-management).

We help with future care planning.

We connect you with community resources, when needed.
