

# Weighing Your Baby

## 0 to 24 Months of Age

### STEP 1: Preparation

- Remove baby's shoes and any heavy clothing  
Note: For most accurate weight, remove all clothing and weigh baby in a clean dry diaper
- Place a paper barrier on the scale
- Press "zero" on the scale
- Wait for "0.0" to appear on screen

### STEP 2: Weighing

- Place your baby on their back or sitting in the middle of the scale
- Do not leave baby unattended
- Make sure you are not leaning on the scale

### STEP 3: Read the measurement

- Read your baby's weight from the screen

*If you have concerns about your baby's growth, please see your doctor.*
