

Your care matters: Understanding wait times

Our emergency department continues to see an increase in patients, volumes, and at times, staffing challenges.

We thank you for your understanding if your wait feels long.

You will see a triage nurse who will prioritize your care depending on the urgency of your medical needs.

Wait times can change quickly in the emergency department. We apologize if your wait is long.

We ask for your patience and understanding during these difficult times.

Our team works hard to provide you the very best care.
